

WEED SPRAYING ON TOWN WASTES

Middleham Town Council's contractor will carry out weed spraying on the cobbled areas sometime between Tuesday 7 May 2019 and the following week, depending on weather conditions. It would be helpful if cars could be moved to allow access all areas. You may wish to move any plants placed on or near the cobbles to avoid possible overspray.

Please see the attached map. The areas to be sprayed are shown in pink.
